

Philosophy

At Carousel Child Centers, we provide each child loving care in a safe and healthy environment. Free play and structured learning experiences are part of a well-planned program designed to foster a child's emotional, physical, social, creative and intellectual development.

We prepare the environment for a child to learn through active exploration and interaction with adults, other children, and materials.

Learning activities are concrete, real and relevant to the child's life.

The complexity and challenge of an activity is increased as the child develops understanding and skills.

Carousel Child Care Center provides infant/toddler care, Pre-School, Pre-K, and Jr-Kindergarten and before & after school care. We also provide a summer program for children entering Kindergarten through third grade.

INFANT/TODDLER PROGRAM

6 WEEKS—2/12 YEARS:

Our program for infants and toddlers offers play, active exploration, and movement in a safe and emotionally supportive environment. Daily reports are given to parents with information on sleeping, eating, changing and developmental progress.

PRESCHOOL/PRE-K/JR-K PROGRAMS:

Our PreSchool, Pre-K, & Jr K program serves children from 2 1/2—5. The curriculum is designed to foster the social, emotional, physical, intellectual, and creative development of each child. The daily activities planned for the children are appropriate for their age and developmental levels.

SCHOOL AGE PROGRAM:

The Center offers before & after school care for children in grades K-2nd at Camelot Elementary School.

SUMMER PROGRAM:

Our exciting Summer Program includes weekly themes and special events such as pony-rides, moonbounce, outdoor fun, arts& crafts and much more!

Our Program Goals

Cognitive Skills

Encouraging the child's curiosity and reasoning abilities, and fostering the natural desire to learn.

Self Confidence

Nurturing the child's positive self-image, as well as sensitivity to other people and the environment.

Social Skills

Promoting a spirit of fairness, cooperation, and sharing that brings positive responses from others.

Independence and Self-Control

Helping the child learn to make decisions, and supporting self-directed resolution of problems.

Language Skills

Providing activities and materials to help increase the child's attention span and listening skills, enlarge vocabulary, and stimulate the imagination.

Physical Skills

Fostering an understanding of how the body works, and of coordination through use of large and small muscles.

Why Choose Carousel Child Care Center?

Your child's most important years of intellectual and social development are from birth to five years.

During these critical years, you want a program offering the best possible environment for your child. Your concern for the best is shared at Carousel Child Care Center.
